

## Tuition Assistance Program

There are many Christian parents who desire to have their children educated and nurtured by Christian education. However, the additional cost of tuition to the basic family budget can oftentimes be next to impossible for some. Trinity Christian Schools desire to offer tuition assistance to qualified parents with financial needs that would prevent enrollment of their children otherwise. Financial Aid applications (tuition assistance applications) may be obtained in the Business Office, during the regular registration period. Tuition assistance is supported through yearly fundraising in conjunction with the recommendation of FFNA, and at the discretion of Trinity Christian Schools. Trinity Christian Schools uses an independent financial consultant, Family Financial Needs Assessment (FFNA) in order to provide the applicant with confidentiality and third party objectivity. FFNA does charge a minimal processing fee to the applicant that is made payable to FFNA and mailed with the financial aid application. **The family applying** for tuition assistance **must have registered** their child before a tuition assistance packet can be issued.

### Program Guidelines

- A. It is the responsibility of the parent/guardian to obtain tuition assistance information and application from Trinity Christian Schools.
- B. The financial aid application must be completed in its entirety and **mailed to FFNA (TCS third party administrator regarding financial aid for tuition) along with the processing fee as required by FFNA.**
