## A MESSAGE FROM THE HEAD OF SCHOOL

In the midst of enjoying an incredible 2022-2023 school year, we are already planning for 2023-2024. Hence, the month of February is early enrollment for the 2023-2024 school year, exclusively for current TCS families. This guarantees your student's spot! We are excited for the next school year for many reasons:

- Most of our incredible and gifted teachers have committed to returning to teach at TCS.
- We will be developing a new student leadership program.
- We will continue to enhance our instructional strategies

To continue facilitating an environment of spiritual, academic, and athletic excellence, the TCS Board and Administration have decided to make a modest 5% increase in tuition for K–12 families. This amounts to an average increase of $30/monthly per child. As you know, expenses (curriculum, utilities, etc.) continue to increase in price. This increase also facilitates our ability to continue to give our incredible staff a well-deserved cost of living raise of 2-3%.

We appreciate the feedback received regarding virtual days this year. As an FYI, we will be adjusting them to one per quarter, a total of four for the entire school year for the elementary school students. Whether we call them staff in-service days or virtual days, our staff receive additional training on in-service/virtual days. I highly encourage you to take advantage of early enrollment. We are looking forward to finishing this school year strong and planning for a great 2023-2024!

With gratitude,

*Pastor Marcus*
