

Concurrent Tuition Payment Process

- **Concurrent tuition is billed at \$50/credit hour rate.**
 - Most college courses are 3 credit hours, so they are \$150 a course.
 - Students only qualify for the concurrent rate until they graduate high school, so seniors in the summer after they graduate are not eligible for the concurrent rate.
 - Book rentals are separate from tuition. The book rental fee is \$20/credit hour plus tax. Books do **not** have to be rented through UAHT.

- **Concurrent Challenge Scholarship Requirements**
 - Only high school juniors and seniors who are Arkansas residents are eligible.
 - Homeschool students are not eligible unless they are registered through their school district.
 - \$125/course regardless of credit hours
 - Available for up to two courses per semester
 - If a student does not successfully complete a course (receives a grade of D, F, or W), they are only eligible to receive the scholarship for one course the following semester.
 - The Concurrent Challenge Scholarship does not affect eligibility for the Arkansas Academic Challenge Scholarship.

- **When will I know how much I owe?**
 - Some school districts pay for students' tuition and books, while others don't. If you're unsure whether your district pays, contact your high school counselor or Dr. Dykes.
 - The concurrent tuition discount and Arkansas Concurrent Challenge Scholarship are not calculated until after Census Day (the 11th day of class), so the correct amount due will not show up until after that. However, students/parents can pay prior to that—contact Dr. Dykes to find out the actual amount due.

- **Three ways to pay:**
 - In person at the Business Office, located on the UA-Hope campus in the Rowe Administration Building, or at the front desk of the Administration Building on the UA-Texarkana campus
 - Over the phone by calling 870-722-8213
 - Online by logging in to MyUAHT:
 - Go to www.uaht.edu>MyUAHT
 - ID number (Student ID number)
 - PIN: If you have not changed it, your Pin is the month and day of your birthday with a two digit month/two digit year (example: 0419)
