Locker Room Lock Policy

In order to protect student property, combination locks are allowed on student-assigned lockers in the locker rooms located in the gym. Students may bring a combination lock and use it on their assigned locker provided they return this document signed with the combination listed below. Please email this completed document to Mrs. Klar at aklar@trinitywarriors.org

I understand that I am placing a lock on TCS property. My lock is subject to being cut in the event that my locker will not open with the combination I am providing. In the event that my lock is cut, I will be responsible for providing a new lock and form if I want to continue using a lock on my assigned locker in the locker room.

Student Signature: _____

Parent Signature: _____

Date: _____

Combination: _____
