A MESSAGE FROM THE HEAD OF SCHOOL

It has been an exciting week at TCS, including our students' participation in the I:55 Book Fair. The I:55 name comes from Isaiah 55, which encourages God's people to "seek Him while He may be found." Although we live in the age of technology, research shows there are still many benefits to physical books. One such benefit is students have greater immersion in and retention of narratives and information. Physical books

provide fewer opportunities for distraction. And finally, when reading physical books, there is no 'blue light' from technology, which makes better reading before bed and easier on the eyes.

TCS is committed to providing a quality library and reading experience for our students. We hope that your students are enjoying the TCS library that was renovated last November. The renovations included new carpet, paint, LED lighting, and new books! We are grateful for our partnership with you in providing a Christian education to our students that includes a learning environment in a library setting.

With gratitude,
Pastor Marcus

it's a great day
to be a warrior!
