A MESSAGE FROM THE HEAD OF SCHOOL

Last week, I mentioned the importance of believers attending and being involved in a local church. It is a vital part of the discipleship process that God has designed for each of us. Hebrews 10:25 reminds us of the importance of gathering with the local church saying, “not forsaking the assembling of yourselves together, as is the manner of some, but exhorting one another, and so much the more as you see the Day approaching.”

Again, if you are not actively involved in a local church, I want to personally invite you to Trinity Baptist Church...a place where the Word of God is central, the people are welcoming, and our senior pastor, Michael Daugherty, shepherds the church in truth and love!

Because of God’s instruction to believers to be a part of a local church, we are enhancing our TCS policies by requiring families to provide a pastor recommendation each year they attend TCS. Our communication to you gives anyone who is not actively a part of a local church four months to pursue a church family. You can find a copy of our pastor recommendation form [here](#). Families committed to spiritual growth in the context of the local church strengthens their partnership with TCS “to assist Christian families in equipping students to develop their individual gifts spiritually, academically, physically, and socially in a manner that brings honor and glory to God.” We are so excited and thankful for our partnership with you!

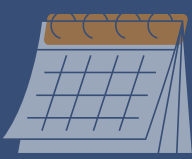

With gratitude,
Pastor Marcus

APRIL FOOL'S DAY

Classroom Spotlight!

First Grade had a fun week beginning with April Fool's Day and followed by an awesome STEM project!

Our young Warriors also worked together, problem solved as a team, and used only the tools received to build a church. One is even a mobile church to reach the community!

Here our first graders are performing a smell test on their Chromebooks screens on April Fool's Day! This was a mock science experiment where they gathered and charted data just like a real science experiment. In the end, they presented some hilarious results!
